

TECHNICAL DATA SHEET

Strong Sleep Spray

Description: A highly bioactive Melatonin buccal spray with 1.9mg dosage and 215 dosages available in a convenient 30 ml airless bottle. Melatonin is one of the most popular sleep aids and a common natural remedy to treat issues like insomnia. "Strong sleep" oral spray contains a high dose of melatonin, which helps to fall asleep easier and reduce jet lag. Manufactured in a modern HACCP certified production facility in European Union.

Actives: 1 spray contains 1.9 mg of melatonin.

Additives/excipients: Purified water, glycerol (E422), lemon juice concentrate, steviol glycosides (E960), arabic gum (E414), xanthan gum (E415), peppermint essential oil (*Mentha arvensis*), sweet orange essential oil (*citrus sinensis*).
